

Caring for Southern Remnants:

Special Species, Special Spaces

**Conference Proceedings,
12th Annual General Meeting
of the
Canadian Council on Ecological Areas**

Millennium Edition

**Edited By
Tom J. Beechey, George R. Francis
and Dianne M. Powell**

Canadian Council on Ecological Areas
Conseil canadien des aires écologiques

Table of Contents

Overview
..... (Ed Wiken)

Symposium: Protected Areas and Biodiversity

Opening Remarks
..... (Howard Hampton)

Science that Makes a Difference
..... (Monte Hummel)

Biodiversity Knowledge and Thinking as a Basis for the Restoration of
Fragmented Ecological Areas
..... (Ted Mosquin)

The Illusion and Reality of Co-Management of Endangered Spaces with
Aboriginal Peoples
..... (Laurie K. Montour)

Conservation of Spaces and Species on the Canadian Prairies
..... (Geoffrey L. Holroyd)

The Great Lakes Bioregion: a Context for Biodiversity
..... (George R. Francis)

North American Wilderness Recovery Project: Land Conservation Strategy
..... (Reed F. Noss)

Session 1: Coping with Ecological Representation

Ecologically-Based Land and Site Classifications: Frameworks for
the Description of Ecological Resources
..... (Richard A. Sims)

Review and Status of Wetland Classification in Canada
..... (John K. Jeglum)

Selected Ontario Bird Surveys and Their Potential Value in Natural Area
Selection and Management
..... (M.D. Cadman)

The Role of Natural Heritage Data in Guiding Great Lakes Ecosystem Conservation (Susan R. Crispin)

A Carolinian Community Classification System (Kevin Kavanagh)

A Base-line Inventory of the Geology and Ecology of Ontario's Niagara Escarpment -A UNESCO Man and Biosphere Reserve (J.V. Jalava, S. Varga and P.S.G. Kor)

The Natural Areas Inventory of the Regional Municipality of Haldimand-Norfolk (M.E. Gartshore)

A Detailed Field Survey Method to Rank Sites for Protection Priority (Mirek J. Sharp and Cathy J. Keddy)

A Life Science Inventory of Six Natural Areas in the Canadian Lake Erie Islands (James Kamstra)

The Use of Large Scale Conservation Gap Analysis in Nature Reserve Design (J.R. Strittholt and R.E.J. Boerner)

Planning for Natural Heritage Systems on the Settled Landscapes of Southern Ontario (John L. Riley)

Protecting Natural Heritage Values in the Greater Toronto Area (Frederick M. Johnson)

Session 2: Exploring Protection Mechanisms

Putting the Care of Southern Remnants on the Political Agenda (Kevin McNamee)

Selecting and Maintaining Bioreserves: New Ways to Achieve Conservation Results in Large Settled Landscapes (Phil Hoose)

The Niagara Escarpment Program: A Case Study in Caring for Southern Remnants (Cecil Louis)

The Carolinian Canada Land Protection and Stewardship Program (Doug van Hemessen)

The Nature Conservancy of Canada: Innovative Resourcing to Protect Natural Areas

..... (John Eisenhower)

Successful Natural Area Securement Strategies: Style and Skills

..... (William B. Sargent)

Prospects for Canadian Protected Areas Legislation

..... (Ian Attridge)

Protected Areas and the Surrounding Landscape

..... (James C. Stansbury)

Session 3: Ecological Integrity and Management

Ecosystem Management and Protected Areas: Principles, Problems and Practicalities

..... (Stephen Woodley and Graham Forbes)

Landscape Ecology: An Exploration of the Concepts and How They Relate to Park Management

..... (Gray Merriam)

Viability of Small Populations in Remnant Natural Areas: Example of the Southern Flying Squirrel in Point Pelee National Park

..... (Ian T. Adams)

Conservation Genetics: Genetics of Small Populations, Breeding Depression and Genetic Bottlenecks

..... (Brad White)

Ecosystem Management for National Parks in Ontario

..... (William R. Stephenson)

Ontario's Threatened Snake Populations: Problems and Approaches to Conservation

..... (K.A. Prior and P.J. Weatherhead)

Coping with Forest Fragmentation in Southwestern Ontario

..... (Cheryl M. Pearce)

Vegetation Management at Point Pelee National Park

..... (Gary Mouland)

Oak Savannah Woodland Restoration at Pinery Provincial Park
..... (Terry Crabe)

Ojibway Prairie: Reborn by Fire
..... (Jack Sulston and Fred Bruin)

Session 4: Moderator's Summaries

Symposium: Protected Areas and Biodiversity
..... (Jennifer Shay)

Session 1: Coping with Ecological Representation
..... (William J. Crins and John L. Riley)

Session 2: Exploring Protection Mechanisms
..... (Paula Neice)

Session 3: Ecological Integrity and Management
..... (William R. Stephenson)

Conference Summation and Concluding Remarks
..... (George R. Francis)
